[Airspace Docket No. 97-ANE-02]

Amendment to Class E Airspace; New Haven, CT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This action confirms the effective date of a direct final rule which modified the Class E airspace at New Haven, CT (KHVN) by removing the Class E airspace extending upward from

the surface, effective during the times when the Airport Traffic Control Tower (ATCT) is not operating. The final rule resulted from the lack of continuous weather reporting at Tweed-New Haven Municipal Airport.

EFFECTIVE DATE: The direct final rule was effective on 0901 UTC, March 27, 1997.

FOR FURTHER INFORMATION CONTACT: Raymond Duda, Operations Branch, ANE-530.3, Federal Aviation Administration, 12 New England Executive Park, Burlington, MA 01803-5299; telephone: (617) 238-7533; fax (617) 238-7596.

SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal Register** on February 7, 1997 (62 FR 5755). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on March 27, 1997. No adverse comments were received, and thus this document confirms that the final rule became effective on that date.

Issued in Burlington, MA, on April 8, 1997.
John J. Boyce,

Assistant Manager, Air Traffic Division, New England Region.
